New Boring Bar **Dynamic-Bar**

**Streamlined Head for
Improved chip evacuation
Reduced chattering
Stable machining**

A detailed 3D cutaway illustration of a boring bar in operation. The bar is shown in a light blue color, and the cutting tool is a gold-colored insert. The tool is cutting through a workpiece, and the resulting chip is shown being evacuated through a large pocket in the tool's design. The background is a gradient of blue and white, suggesting a clean, industrial environment.

**Large chip pocket:
Exhibits superior chip evacuation**
